

# Otolift Onyx Stairlift

Freedom outdoors

# The otolift Onyx

**The Otolift Onyx is the bespoke solution for outdoor stairs. The special construction of the stairlift allows for unhindered access for co-occupants. By using high-grade and weatherproof materials the Onyx is able to cope with all weather conditions.**

The Onyx stairlift allows you to remain in your home and recapture some of your lost freedom and independence. The Onyx stairlift is the perfect combination of thoroughly thought-out ergonomics, user friendliness, and a clear design. Due to the cleverly designed rail system the lift takes up as little space as possible. Thus, the width of the staircase is not reduced maintaining easy access for co-occupants.

## SAFE AND DURABLE

The lift meets all safety, durability, and reliability requirements. The drive mechanism is safely and compactly tucked away in the interior of the chair. Thanks to its unique aluminium rail the Onyx is always fully stable. Should the lift run into even the slightest of resistance, it will come to a halt immediately. Upon arrival at your destination you will be able to easily turn the chair by a quarter turn, closing off the stairwell and allowing you to alight safely and comfortably.

## FIVE ADVANTAGES OF THE ONYX OUTDOOR STAIRLIFT:

- durable and weatherproof
- safe and comfortable
- the staircase remains fully accessible
- simple to operate
- reliable in case of power failure

## GUARANTEE AND SERVICE

Otolift stairlifts are innovative quality products with a long life span. Maintenance and any repairs are carried out swiftly and expertly by our own service team. Our service department can be reached all through the year, 7 days a week.

↑ *The Onyx has been designed with extreme weather conditions in mind.*

↑ *Thanks to the sophisticated design the staircase remains easily accessible.*
